Colburn Construction, Inc.

“ There’s really no reason why a small company shouldn’t have Ooma Office. I don’t know much about big, expensive phone systems, but there’s no need to buy one of those when you can have the value offered by Ooma Office. ”

– Jonathan Arndt

General Manager, Colburn Construction, Inc.

Construction team members always stay connected to clients.

When clients call to consult on a new project, check on the status of a current job, or pay an invoice, their calls are answered immediately. It takes just seconds to park or transfer a call to the right staff members so your customers have a great service experience, which builds loyalty and referrals. You eliminate big bills with surprise add-ons or complicated, inflexible systems that don't serve you and your clients. And there's highly rated 24x7 support if you ever need it.
